

Our Covid Safety Measures

1. Please don't attend in person if you have Covid symptoms. Join us online instead!
2. Rows of chairs in the church will continue to be spaced out. We suggest you leave one empty seat between family groups. If you'd like to be more socially distanced, please make use of the seats in the balcony.
3. Our windows and doors will be open to increase ventilation. Please wear appropriate clothing if you feel the cold.
4. Anti-bac gel is available throughout the building and at each entry/exit point.
5. If you're feeling hesitant about returning to gathered church please ask our Welcome Team for a blue lanyard when you arrive. This will let others know that you'd like to avoid close contact and require a little extra space.
